

# BEYOND HYDROXYL BLASTER

ActivePure<sup>®</sup>  
TECHNOLOGY *in partnership with* Water Solutions  
Long Island

The most powerful, advanced, air and surface purification system ever. This portable unit uses ActivePure Technology to create a pristine, healthy environment by removing or destroying virtually all particles from the air and surfaces.

## Benefits

- Designed to destroy airborne and surface dwelling viruses, MRSA, E. coli, fungi, VOCs and other dangerous contaminants
- Reduces the causes of allergies and asthma
- Quickly and powerfully works to clean the environment
- Destroys smoke and odors
- Removes VOCs

## How it Works

- Uses NASA-inspired ActivePure Technology to continuously protect and purify the air, and attacks contaminants on all surfaces.

## Unique Features

- 2 x 2 foot unit attaches easily by a professional through your ceiling tile
- Cleans up to 3,000 sq. ft.
- Ideal where HVAC ducts are inaccessible

## Target Customer

- Safe to operate while working
- Worldwide exclusive rights as Certified Space Technology, as used on the International Space Station
- Easy to transport

## Specifications

Power Consumption	172 Watts
Recommended Treatment Space	Up to 3,000 ft <sup>3</sup> - 464 m <sup>2</sup>
Input Voltage	120 VAC
Dimensions	22" H x 13" W x 13" D (55.88 cm x 33.02 cm x 33.02 cm)
Weight	24 lbs (5.44 kg)
Operating Temperature	34°F – 130°F
Warranty	5 year limited
