

The AP500 is a powerful, but inconspicuous purification system that utilizes tested ActivePure[®] Technology to effectively treat interior air and exposed surfaces in smaller rooms or hard to reach areas.

Benefits

- ActivePure[®] Technology destroys over 99% of all surface and airborne contaminants
- Eliminates common triggers of allergies, asthma, and irritants to those with sensitive immune systems
- Proven to kill bacteria, viruses, mold and fungi
- Destroys VOCs, smoke and odors without ozone
- ActivePure is the only air purification technology recognized exclusively, worldwide, as Certified Space Technology.
- Operates 24/7

How it Works

- Our proprietary **ActivePure[®] Technology** uses light waves and a catalytic process to produce scrubber ions and hydro peroxides that destroy contaminants in the air and on surfaces
- Multi-level purification filtration (ActivePure, Ionization)
- Proven effective in independent studies against bacteria, viruses, mold and fungi in the air and on surfaces

Unique Features

- Coverage up to 200 sq. ft.
- Whisper-silent operation
- ActivePure[®] Technology is used by NASA on the International Space Station and is the only air purification technology recognized exclusively, worldwide as Certified Space Technology

Target Customer

- Medical facilities, nursing homes, schools or any facility with indoor air quality concerns
- Perfect for small homes and businesses that want ultimate indoor air quality and surface protection
- Powerful enough to provide full protection throughout small areas
- Waiting rooms, small lobbies, hotel rooms, restrooms or any facility with indoor air quality concerns
- People concerned with allergies, asthma or who need a better night's sleep

Plugs into wall outlets

- Anti-theft safety screw
- Extends outlet functionality

Specifications

Power Consumption	13 Watts
Recommended Treatment Space	Up to 200 sq. ft. - 18.5 m ²
Input Voltage	120 VAC; 60 Hz; 18 Amps
Dimensions	12" H x 6" W x 4" D (30 cm x 15.24 cm x 10 cm)
Weight	2.9 lbs (1.3 kg)
Warranty	3 year limited
Nominal Airflow Rate	120 CFM Fan

This unit does not meet California requirements and cannot be shipped to California.
